MY PROJECTS

Message Board Passport API with Authentication: Back-End Project

https://github.com/Lindaroy202/Full-stackMessageBoard

- Delivered a RESTfull Web-based API using Node and Express that allows users to register, login, and view their profile.
- Implemented JSON Web Token authentication for security and added restricted middleware to prevent access to unauthorized endpoints.
- Created Documentation on GitHub with instructions for developers.

Portfolio Website: Front-End Project

https://github.com/Lindaroy202/my-react-portfolio

- Currently working on my portfolio website using react and basic Node js and Express js.
- Structured the website using react functional components.

Expense Tracker: HTML, CSS and JavaScript

https://lindaroy202.github.io/Expense-Tracker/

- Build, coded and designed to track monthly income and expenses to help manage monthly budget
